CRUD in ActiveRecord: Update & Delete

Sergio Revilla
@elreplicante

Model: Location

Location
— name
— city
— ...

IRON
HACK

Update

Update

```
> l = Location.find(1)
> l.name = 'Home updated'
> l.save
```

Update

```
> l = Location.find(1)
> l.update_attribute :name, 'Home updated'
```

IRON
HACK

Update

```
> l = Location.find(1)
> l.update_attributes name: 'Home updated',
                       city: 'Madrid'
```

IRON
HACK

Delete

Delete

```
> l = Location.find(1)
> l.destroy

> Location.destroy_all name: "Home"
```
